Previous Client Testimonials

My husband and I decided that it was time to seek the advice of an elder law attorney, someone who could tell us what our rights were and what we needed to do to protect ourselves.

We met with our attorney at Russo Law Group, P.C. and he pointed out the need for us to have the right plan in place to make sure that my husband and I could make decisions for each other in the future. He also made sure that we have the right Wills for our situation, Wills that allow us to take care of each other, even if our health declines. Our lawyer was also able to identify some legal issues in other areas and to make sure that we went to an attorney specializing in that area of law. Mostly, our attorney has given us as much peace of mind as possible.

I can't begin to thank you for helping me and my mom. Your caring & devotion to us during a difficult time was more than any words can express. We can't thank you enough and we will never forget all you have done. My mother couldn't be in a better place and she is happy & we have peace of mind. It means the world to us!
